## Irish Seek Some Basis for Early Peace

### DUBLIN SEAT OF EFFORTS FOR TRUCE BEFORE CHRISTMAS

#### AUSTRALIAN BISHOP IS CHIEF INTERMEDIARY IN NEGOTIATIONS.

##### CLUNE OPTIMISTIC

Expresses Hope That Settlement Will Be Reached Within Week.

[BY ASSOCIATED PRESS.]  
Dublin, Dec. 6.—Determined efforts to bring about an early peace in Ireland are being made here. Conversations have been in progress more than a week, and hope was expressed last night by some of those engaged in the negotiations that within another week a tangible basis of settlement might be reached.

The chief intermediary at work is the Rev. Patrick Joseph Clune, bishop of Perth, Australia, who it is understood, has been asked by Premier Lloyd George to sound out Sinn Fein sentiment, and prepare, if possible, the ground on which a foundation for the peace edifice can be reached.

Mr. Michael O'Flannigan, acting president of the Sinn Fein, Premier Lloyd George said that he was willing to make peace without waiting for Christmas.

Clune hopes for success. Monsignor Clune is a native of County Clare, and went to Australia 24 years ago. He arrived in Ireland last August, and after visiting for several weeks at Ennis and other districts in County Clare, made a number of trips back to the United Kingdom, where he has been in connection with the peace movement. The Australian prelate expects to go to London next week to see Premier Lloyd George. Every week he is in communication with the Irish government.

### Assaults on Girls Stir Up 'Frisco; 3 Officials Shot By Alleged "Masher" Die

Efforts to Round up Gangsters Who Attack Young Women Lead to Fatal Shooting Battle at Santa Rosa.

[BY ASSOCIATED PRESS.]  
Santa Rosa, Calif., Dec. 6.—George Boyd, accused of having shot and killed Sheriff James A. Petray, of Sonoma county, and Detective Sergeant Miles Jackson and Detective Lester Gorman, of San Francisco, here yesterday, was in jail hovering near death today. The officers were shot when they attempted to arrest Boyd in connection with recent attacks on young women in San Francisco. Jackson, after being wounded, shot Boyd.

Charles Valenti, owner of the house where the San Francisco officers were shot, said that the officers were present at the shooting, and that the officers were shot when they attempted to arrest Boyd.

For four hours last night prisoners listened to shouts of a throng outside the jail which demanded immediate action for a group of men which the officers said had subjected probably a score of young women to indignities, insults and brutalities at a house in Howard street.

Five men arrested here in connection with the case were Edward Kravitsky and Ed. Murphy, pugilists known respectively as "Knockout" and "Spud." James Carey, Allen McDonald and Thomas Brady.

Police revelations of assaults by gangsters on young women have aroused San Francisco as no other criminal happening since the bomb explosion here in the 1918 Preparedness Day parade. Pleadings of the accused men were not for today.

**ARGENTINA'S ACT CONSIDERED ERROR**  
League Says Withdrawal of Delegates Is Wrong Tactics.

[BY ASSOCIATED PRESS.]  
Geneva, Dec. 6.—Consideration of an amendment to the league of nations which would eliminate Article X has been postponed by the assembly of the league until the next meeting.

After today's session opened, Paul Hymans, president, presented Senator Pueyrredon's letter to the assembly, and said he had expressed personally to the head of the Argentine mission his deep regret at the step it had taken.

Lord Robert Cecil, delegate for the Union of South Africa, took the floor, saying: "If other delegations should be allowed to take the same step when their proposals are not accepted, it would be impossible for the league to make any progress. The act of no single country can diminish the faith in the league of nations."

He declared here that virtually every delegate regards Argentina's action as an error in tactics.

**Resolutions Held Over**  
Hjalmar Branting, of Sweden, asked that the assembly postpone eliminating Article X from the covenant and that presented by the Argentine delegation regarding the admission of new members to the league without debate for study.

A report on them will be submitted to the next session of the assembly. This motion was adopted by the committee on relations between the council and assembly, presented by A. J. Balfour, of Great Britain.

Lord Robert Cecil, speaking for the delegation of the Union of South Africa, came into conflict for the first time in the jurisdiction of the league. This was adopted, and the report was approved by the assembly.

**Offers Amendment**  
Lord Robert offered an amendment declaring that either the council or the assembly would have the right to examine any question within the jurisdiction of the league. This was adopted, and the report was approved by the assembly.

**Prepares to Leave**  
"Today's decision of the assembly finally settles the question for Argentina," he said. "I shall make a few calls, give several lunches and leave for home the middle of the week. I was willing to consent to the postponement of all Argentina's amendments except those relating to the admission of new members to the council, but the assembly has seen fit to resort to a technicality of procedure in a matter vital to the life of the league. I am sure American public opinion is with us in this matter, and I have already received indication of this in a cablegram from Chicago."

Senator Pueyrredon intimated the withdrawal of Argentina from the assembly might be followed shortly by a formal announcement of that country's intention to retire from the league itself.

**SEN. MCCORMICK IS NOT SURPRISED**  
Paris, When United States Senator Medill McCormick received word of the withdrawal of the Argentine delegation from the assembly of the league of nations yesterday, he said to a representative of the Exchange: "It does not surprise me very much, but it is not surprising me at all."

The newspaper's representative read Senator McCormick a cablegram quoting Senator Henry Cabot Lodge as saying: "Some of the nations represented in the league are beginning to find out objections to it which we discovered nearly two years ago."

Mr. Harding was surrounded immediately by a crowd of senators who shook his hand and slapped him upon the back.

After the roll call in the senate, Senator Lodge presented the usual resolutions providing for committees to notify the president that congress was in session and then before adjourning asked that President-Elect Harding be heard.

## IRISH SEEK BASIS FOR EARLY PEACE

(Continued from Page 1.)  
facility to carry out his mission has been given him by the government, he said, and he was so free from espionage that he has talked not only with Arthur Griffith and other republicans and nationalist leaders, but with men in the active element of the Sinn Féin movement on whom the government is trying its utmost to lay in its hands.

**Peace Is Up to London.**  
"It is too early to make public what has thus far been accomplished," he said. "Whether my efforts bear fruit is for London to determine, for it is there peace must be made, and not in Ireland." So far as can be ascertained, members of the British labor commission visiting Ireland are not directly concerned in the peace movement which Monsignor Clune is engineering.

**LONDON SAYS RELATIONS ARE INTERRUPTED**  
London, Dec. 6.—Unofficial relations between members of the British ministry and Sinn Féin leaders have been entirely interrupted, says the London Times, in commenting on rumors of peace negotiations in Ireland. During the past six weeks, at least four channels for unofficial communication with various sections of influential nationalist opinion in Ireland have been kept open in spite of crises in Ireland and "episodes on the part

of the Crown forces there, the object of maintaining order and restoring peace not being lost sight of by either side. Reports of recent exchanges of views are confirmed by the newspaper, which says there were not initiated in any official quarter but that some members of the government had taken opportunities to hear accounts of the true conditions in Ireland from sources other than those to which the government's official informants had access. "Discussions that had been going on have not involved any question of abandoning the home rule bill," says the Times. "The issue being an amendment of that measure in a direction of fiscal and financial autonomy, provided that after a truce was arranged the majority of the Irish electorate outside the six counties of Ulster should indicate readiness to accept the measure thus amended."

**Negotiations Going On.**  
"Though one phase of the negotiations may have broken down, the government is still exploring such avenues toward peace as may still be open. It is clear influences inimical to any Irish settlement are seeking to obstruct the government's plan. In this regard, the London Times says, George has acted behind the backs of his colleagues, and that "any dealing with leaders of the popular movement in Ireland will incur strong disapproval from one section of the coalition cabinet."

**Town Clerk Arrested**  
Scotch, conducting a raid in Queenstown have arrested Hugh O'Reilly, the town clerk, it being alleged that seditious documents were found in his possession, says the Daily Mail. The residence of the Most Reverend Fogarty, bishop of Kilmalloe, at Ennis, was raided Sunday and some papers were confiscated. The newspaper's labor correspondent states that during the interview between Arthur Henderson, labor leader in the house of commons, and Cardinal Logue, primate of Ireland, last week, the cardinal said he was extremely anxious to assist in ending the reign of terror, and that the catholic hierarchy would exert every effort to bring about a permanent settlement of the Irish problem.

**DUBLIN CITY HALL RAIDED, 6 ARRESTED**

Neenah.—Five hundred people attended a Wisconsin rate commission hearing here, which developed into one of the biggest public indignation meetings at which the commission has ever presided. Scores of witnesses voiced protests over inadequate gas service, upon which the city based its opposition to an increase in gas rates which has been applied for by the Wisconsin Traction, Light, Heat & Power company.

WHY DOES COMMERCIALIZED VICE OBJECT TO THE END OF THE ROAD

There Should Be No Peace With Prostitution; No Truce With the Underworld: No Armistice With Venereal Disease.

"The End of the Road" does not mince matters—neither does it conceal the terrible consequences of license and folly. It sets them out as coldly and as pitilessly as in a clinic. In powerful dramatic form it tells a fearful lesson, but a lesson every young man and young woman should know, however it shocks their notions of propriety.

## DANCING STORY DENIED IN MILTON

Badger Club Officers Say Terpsichore Did Not Cause Split.

"Gross exaggerations" and "clever fiction" are the terms applied by the Badger club of Milton to the accounts published in Milwaukee papers of the dancing controversy at Milton college that stirred the town last week. This does not refer to the Gazette's article. In a statement issued to the press, D. A. Eorden, president, and T. C. Gaby, secretary, of the club declare that the dance which the organization gave on Thanksgiving eve, while the controversy was in its infancy, had nothing to do with the college.

The statement has nothing to say, in regard to a dancing exhibition given by two girls literary societies of the college which was denounced by Pres. W. C. Daland of the educational institution in chapel. It states that Arthur Mills, who resigned as editor of the Milton College Review following the controversy, was not a member of the club.

There is the statement: "The Thanksgiving dance held by the Badger Club of Milton, which has not caused any serious feeling between factions in the village or college, as reported in a Milwaukee newspaper of Dec. 3." The Badger club is not a college club and is in no way connected with Milton college. The club does not oppose the college nor does the college take a stand against any club activity.

"This club is in no way sympathetic with the man who caused the publication of these articles. Furthermore this Mr. Mills who was editor of the Milton College Review and sanctioned the statement that the club would hold their second party on New Year's eve, is not a member of the Badger club."

"Whatever action has been taken to oppose the college nor does the college take a stand against any club activity."

"All reports which have been published are gross exaggerations. Although the dancing controversy and its traditions does not hurt the village, the Badger club holds that this report is more strained than the so-called feeling between 'factions' in Milton as set forth in the Milwaukee newspaper."

Special efforts are being made in the local yards of the Northwestern railway to clear away foreign freight cars and send them to their home destinations as soon as possible. A circular letter to this effect was sent to all departments Sunday by A. L. Hemmens, local agent, to speed up the movement.

It is stated that there are more than 4,000 cars of other lines daily remaining upon the tracks of the C. & N. W. At a charge of 90 cents per day, this means a cost to the road of \$40,000 a day.

## PEOPLE ARE LOSING REVERENCE--CRIME INCREASE RESULTS

[BY ASSOCIATED PRESS.]

Declaring that America leads the world in crime and laying it to desecration of the Sabbath and lack of reverence for the Almighty, Rev. R. R. Pierson, pastor of the First Baptist church, stated at services Sunday night that Janesville is in as bad a situation.

"Young people are defying the law and order of the state and land without a fear and are not sensing the penalty," he stated. "I know of two instances right here in Janesville that came to my attention during the past week that would shock you and I would pledge and cannot say anything about them."

The land needs a rejuvenation, he insisted. It needs to return to the reverence of our forefathers in civil and moral law, he said.

"You may say I am narrow, but people are losing reverence for God and the Sabbath," he said. "This is common sense. Take it out of the realm of the religious; we need a rejuvenation."

The Baptist church was crowded with all classes of people drawn by the added attraction of moving pictures which are shown each Sunday night as part of a program of modernizing the church.

# "Badgers Will Never Play Ohio State Again"--Richards

By George McManus.

## 3 SPLITS MARK BIG TEN MEET; HIT AT STAGG

Saturday's annual meeting of faculty members of the Big Ten conference witnessed three splits. Ohio State dropped Wisconsin, Wisconsin dropped Minnesota, Wisconsin took on Michigan while Chicago went to the Northwest. The meeting was held at the break between Wisconsin and Ohio, Coach issued the following statement:

Richards Scolds Willco "Ohio has refused to come to Madison for the game next fall," he said, "and I absolutely refuse to play in Columbus out of turn. Willco formerly played for me and I feel that I have a large part in placing him in the position he holds today. I vouch for him when Ohio State was afraid to take him. The authorities here could turn out for four years. He has given three and I can't understand why he does not take the attitude he does against Wisconsin."

"One thing I will say, and I said it direct to Willco, is that this state of his means that Ohio State will have a chance to play Wisconsin in football."

Willco's explanation was that he found it impossible for Ohio State to leave the game away from home and when Richards refused to play in Columbus no game was scheduled. No ill feeling between Chicago and West of Michigan; nor between Zupke of Illinois and Minnesota.

Stagg is criticized. Surprise was expressed over the split of Chicago and Michigan, always held to be the fiercest rivals. Stagg was given credit for bringing Northwestern back into the conference. Other coaches of the conference took Stagg to task for dropping Michigan in order to arrange a game with Princeton for the following year without taking the situation beyond their endurance.

Only reason for Illinois dropping Minnesota was that Zupke felt he must shorten his schedule so as not to make it so hard for his players. It was felt that the players were too tired to leave out. The announcement was made at a meeting that Indiana will play Harvard October 8 at Cambridge.

**BADGERS AND OHIO**  
**BREAK ON DIAMOND**  
Chicago, Dec. 6.—Wisconsin and Ohio State universities, which on Saturday severed football relations, will meet in baseball next spring, it became known Sunday night when the 1921 schedules were made public. The football break was not believed to have had any influence in the arrangement of the baseball schedules, however, for the latter were made up some time ago, although not announced until Sunday night.

Minnesota and Illinois, which also severed football relations, will meet on the diamond, but this is because Minnesota does not play baseball and not through any ill feeling between the schools.

## DALTON'S TEAM LOSES BENEFIT GRID GAME

Green Bay, Wis., Dec. 6.—Fully 5,000 persons packed the stands at the game between two local football teams here Sunday afternoon and in this way paid tribute to Reg Dwyer, star end of the Packers grid squad, who lost a leg and an arm while railroading.

This game was played as a benefit for the unfortunate player, all the proceeds were turned over to him, which amounted to almost \$5,000.

The game resulted in a victory for the Believers over the Nonbelievers, a score of 21 to 13. Along with the victory goes the city championship. Ladrow, Rosenow, Dalton and Lambau were the stars of the thrilling battle.

## WANTS "TWO SPORT" RULE REPEALED NOW

Chicago, Dec. 6.—David M. ## TOKIO UNIVERSITY TO PLAY BIG TEN TEAMS

## Indians Are Consistent

**Hitters, and Then Some**  
Cleveland, Ohio.—A ball club that can hit consistently is always in the running.

Couple this with speed, brains, a varied shift of attack, a dependable pitcher and courage, and you have a team that is a pennant contender.

But when you take an organization that is conceded these ingredients and put them under a great leader they will climb to the top of the hill.

That's the combination of the Cleveland Indians.

## Cicotte Agonized Because of Taking "Throw" Money

New York.—"From that night until now I have lived a thousand years. I have suffered agony. It has been terrible. I wish to God I had not taken the money."

The foregoing paragraph is an extract from the confession of Eddie Cicotte, once the pitching ace of the White Sox, whose name was a household word throughout the realm of ballomania.

## MONROE HIGH BEATS ARGYLE FIVE, 17-8

Monroe, Dec. 6.—Monroe high school basketball team won its first game of the season, defeating Argyle, 17 to 8. Both teams played a close-guarding game, neither team showing any long range basket shooting. The Argyle team was made under difficulties, shots resorting to holding. The local team shows some weakness in basketball tactics, but experience and training should eliminate these as the season develops. At the close of the first half, the score was 6 to 5 in Argyle's favor. Monroe showed a strong offensive in the second and netted six field baskets to Argyle's one. The free-throwers were entirely off during the second half, Monroe missing all four chances and Argyle missing all six.

The lineup: Monroe—Hauser, captain, rf.; Blum, jr., lf.; Galle, c.; Ellis, rg.; Erickson and Stoldt, lg. Argyle—H. Muenich, rf.; F. Muenich, lf.; Smith, captain, c.; Cary, rg.; Hanson and Thompson, lg.

## RACING GAME FACES DEATH IN LOUISIANA

A conference is being held between the sheriff of Jefferson county and the district attorney on conditions at the fair ground.

Horsemen from all parts of the country are now here in greater numbers than ever before and the sudden stoppage of the game, if carried out, will work a severe hardship to the many followers of the sport.

**Too Much Praise Ruins Many Otherwise Good Teams**  
Too much praise in the newspapers has ruined many good teams. It is a peculiarity of human nature that is easily flattered and is always ready to believe only the good that is told about itself.

## BRITTON-MITCHELL TITLE BOUT TONIGHT

Two boxing shows are on the card, one at Milwaukee and the other at La Salle, Ill., tonight. In the Cream City a champion will perform. Jack Britton, king of the welterweights, will meet the aspiring Pinkie Mitchell in a ten rounder. Pinkie is stepping up a notch, for previous to this match he has mingled in the lightweight ranks. His ambitiousness may cause him trouble.

Eddie McCorty of Oshkosh, who for a couple of years has been battling in European rings, will give the fans a peek at his form at La Salle, where he steps against George Chip, who once was a middleweight champion. It's a ten rounder.

Prelim bouts of caliber are billed in both cities.

## TANKS DEFEATED BY RAILS FIVE

Company "I's" team of tank corps basketball players were crushed narrowly by the stronger Rails at the final score standing 50 to 24. At no time did the war machine endanger the invading crew.

A crowd of 100 witnessed the fray. While the score was one-sided, there were many spots in the game that gave plenty of excitement. The tanks fought a tough battle, at times displaying stellar work.

It appears that what the guardsmen need mostly is more confidence. They played against an aggregation of old-time high school stars Saturday night.

**Lineups:**  
Tanks Corps. Rails

## HOPPE RESTS WHILE OPPONENTS BATTLE

New York, Dec. 6.—Willie Hoppe, world's professional billiard champion, rested today while two of his foremost rivals competed for the right to meet him tonight in the tournament of six games for the national 182 ball title. The first round brought together Walker Cochran and Jake Schaefer, survivors of the preliminary elimination tournament at San Francisco recently.

## ALL-STAR CRACK BEFORE BROOKLYN, LOSING 52 TO 18

Outweighed, outclassed and out-reached, the "Y" All-Stars went down to a 52 to 18 defeat at Brooklyn before the Tigers of that place Saturday night. The Stars went to the nearby towns minus Graf and with Hager on the sick list. Game was played in an old tobacco shed.

At the outset the Stars set a pace that was fast for the Brooklynites, but with low rafters and men 20 pounds heavier than they, it was useless. First half ended 15 to 10 in favor of Brooklyn.

**Stars Go to Pieces**  
In the second half, the Stars' defense cracked. Brooklyn shot baskets at will. The Stars failed to cover. Graesslin played a good floor game for the Stars while Hager and Bick did the scoring.

Brooklyn will be seen here at a later date. Next Saturday, the Stars play Delavan Institute at Delavan and the following week tackle Woodstock at the Illinois town.

**Lineups:**  
All-Stars  
Wackley lf. Hager  
Baker rf. Hager  
P. Wackley c. Schilling  
Peterson lg. Graesslin  
Johnson rg. Graesslin

**Substitutions:** Pullman and Hager-changed position.  
Field goals—P. Wackley, 10; C. Wackley, 7; Baker, 5; Johnson, 1; Peterson, 1; Hager, 5; Bick, 4.

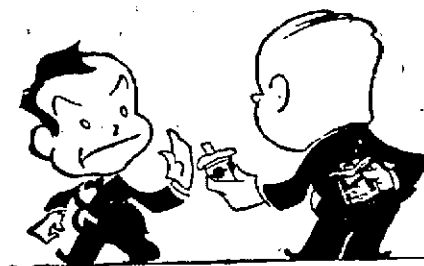

**Free throws:** P. Wackley 2 out of 4; Hager, 0 out of 1; Bick, 0 out of 2.  
Referee—Virge Jersild.

## BIG TEN TO NUMBER GRIDIRON PLAYERS

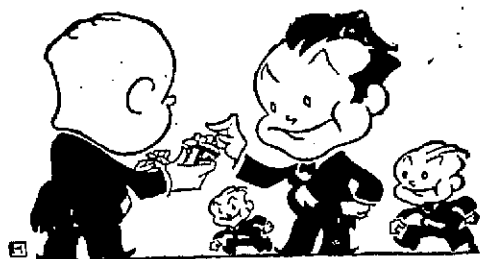

Numbering of players by Big Ten conference colleges was ordered by faculty representatives at the annual meeting held in Chicago Saturday. There was practically no opposition. Action was taken in response to a public demand for means of identifying the participants in gridiron contests.

When the question was taken up a year ago, there were some coaches against the practice. The letters will be eight inches in height. While the rule was adopted only by the Big Ten, it is expected that conference teams will wear them in games with non-conference eleven and insist that their rivals do the same.
